Volume 34 | October–December 2014

By the time this newsletter is hot off the presses, Miles will have started school! He is now in the 4th grade. Can you believe it! And he is already talking about his list for Christmas. I am always thinking of ways I can spruce up my holiday gifts, tags, cards and handmade crafts... now is the time to take classes because we will do it all!

In October, please welcome back Judikins! Judi will teach two technique classes with her private labeled embossing powders and her own wood mounted stamp designs. Now is the chance to meet her in person... I'm sure you have her embossing powders and stamps somewhere in your craft stash... it's gotta be in there somewhere! You won't want to miss these classes.

As another year rolls by and I reflect on all of the friendships I have made with my customers, becoming closer with my cousins and family... I want to say thank you for helping our tiny boutique succeed another holiday season... it's truly a blessing that I get to work with my mother, husband, cousins and aunt everyday... and together when we create something and you leave with a smile on your face... that gratifying moment is golden for us... and it's the best part of my job... it's truly the most wonderful time of the year!
