My son Miles loves the water, he has always liked taking baths and spending a long time soaking in the warm tub water. In fact, when he was just three years old, old enough to be in the bath tub sitting up and playing, I would fill up and dump all of his toys in the bath tub and start working on the bathroom floor. I would punch out my tags or circles or color in my cards, and work on paper orders on the floor of his bathroom, because I feared he would drown! Well, now... he could save me! Forward 8 years later... my son is a very good rec swimmer, in fact, he received second place this year at swim champs! As a proud mother, I thought... wow... Michael Phelps... I mean as far as I'm concerned, he's an Olympian in my eyes! As we head into our 10th holiday season, we are so lucky to have our business up and running because of customers like you, I feel like I won Olympic gold because of you!
