### Springtime Fun

It's already looking like spring in our store, flowers, pastel cardstocks and lots of fun samples. Take a class using one of these ingredients to brighten your day. We had so much rain this winter, everything should be coming up roses! In this newsletter, reserve your spot for a class with Cindi Nelson... she's the brains behind savvy stamps, flora and fauna clear stamps and the wonderful store Impress rubber stamps in Seattle, you won't want to miss her classes in May! In June, it's going to be summertime fun in our boutique. On Tuesday, Wednesday and Thursday's come between 11am and 1pm for a Stampers' drop in and look for a free card making class where you will make one card each week—absolutely free. We will introduce you to a new beginner's technique, if you're advanced... take the card home and keep it for your collection of fancy cards. Bring your friends and introduce yourself to the world of card making and collecting even more eye candy into your home!

## **April Showers Bring May Flowers \$35**

Our biggest collection of stamps in our store are floral stamps, I can't seem to get enough. They make look alike, but actually, there may be one less petal or the image is a few centimeters off, with that said, I must have them all! In this class, create colorful floral cards and bring home a bouquet of six cards.
