Volume 48 Newsletter | April-June 2018

Spring Volume 48

Look who made the cover of our newsletter! Our one and only Kelley Mouton. This May, Kelley has something to celebrate! She has three boys, and her eldest son Jackson is graduating from Kennedy H.S. Class of 2018. As I write this newsletter in January, Jackson has yet to decide what college and major he will declare. He's a very handsome man, maybe a modeling job will bring him some summer cash and pay for his education! Wish Kelley well as she is very excited to frame his diploma and get on with the next chapter in his life! Kelley's son graduates and my son Miles enters the 8th grade! Wow... then he will be heading into his freshman year of high school. Stop the clocks!

In this newsletter, we're all about creating interactive cards with a unique twist, e.g., waterfall cards and shaker card techniques... and look for our summertime drop-in card making and treat creations for just 15 bucks. There's all kinds of techniques loaded into a three month period of fun inspiration.

Also, welcome back Cindi Nelson who owns and operates Savvy stamps, Flora and Fauna clear and Impress rubber stamps. Look for her inspiring classes in May. We look forward to seeing you and hope you will get your craft on this summer!

***A little tidbit about me, straight out of college at San Jose State, I was a flight attendant and had the late George Burns on my flight (in first class), I served him a bloody mary. He was the sweetest man ever. He even told me Gracie would love this drink that I made him!
