A dozen with the cousin-s...

This September we will be celebrating 12 years at the Paper Garden! PLEASE CELEBRATE with us! Our party is open to everyone August 31st, September 1st and 2nd and 3rd with a big sale and fun prizes and a different free make and take—come all four days and collect 4 different projects.

I can't believe I've had my doors open for 12 years, that's a dozen with the cousins. A happy baker's dozen with sweet sprinkles on top. This year, the number 12 will have a lot of significance... my son miles will no longer be 12, he's now 13!!! Kelley's son Jackson has decided on Sonoma State for college—no longer a 12th grader! Go Seawolves! And I've been a Monterey Bay Aquarium Season Pass holder for 12 years—all to preserve our precious ocean.

And for the next 12 months, we will celebrate in style. Don't forget when you take 12 classes at the Paper Garden, we will give you one free... but let's put icing on the anniversary cake and give you two extra classes when you sign up for ten.

Thank you for being a part of the Paper Garden family, as you know, paper and crafting stores are few and far between and I know my doors are still open because of the wonderful customers we have. We know you are loyal customers and shop local and family owned and we will continue to strive to give you good service, fun classes and leave our boutique with smiling faces! Thank you for your loyalty and friendship. I am truly honored to be open for business!

***a little tid bit about me, my first on-air tv job was in Guam. I was 21 years old and the third month I was there... mother nature stuck hard! In August, 1993, a 7.8 magnitude earthquake hit this tiny remote island... luckily, no one was hurt. And I only lost power for two weeks... but the many stories that I reported on made it on air on CNN, I had an awesome audition tape and it got me my next job in Kansas City! Go KU Jayhawks!
