Newsletter Volume 55 | January / February / March 2020

It's hard to believe it's the year 2020 — if you like to decipher numbers and dates, then you will see marketing efforts already using the words “look” and “focus” — as in 20/20 eyesight. Chinese New Year is January 25th and will begin the Year of the Rat. Look for new beginnings, the rat begins the new astral cycle and for those who want a fresh start..now is the time! Of course, this is also a month for getting your resolutions together and trying to make them a reality. So let's visualize the next three months to getting crafty and trying something new! By the way, if you are born the Year of the Rat, consider yourself a very flexible person who is intelligent, quick witted and loves to eat! Have a lucky year!

\*\*\*a little tid bit about me. One of the most popular questions I get asked is, “who is the most famous person you interviewed?” I don't know, there have been so many, but who left a mark on the most memorable? It has to be Chubby Checker — I was in Kansas City, Missouri working as a nightside reporter for the 10pm and 11pm news and my producers wanted to do a live shot before Chubby went onto the stage, as soon as we went live, his music comes on and I try asking him a question like... Chubby, Kansas City Loves you, are you excited to be here in the show-me state? He started singing his answer in his one-piece white satin suit with the collar turned up, he said Chubby has to go on stage, I can't talk, I have to SING, I have to do the TWIST, I have to GO Baby!” And that was my 15 seconds with Chubby.
