Newsletter Volume 58 | October / November / December 2020

Well, it's official, COVID-19 continues to hit us hard in the Sacramento Valley and Miles is starting his Sophomore year at Jesuit inside his bedroom with distance learning! Yes, it's affecting all of us... in a bad way! No water polo and no swim. I hope he can start the 2021 year with a fresh start, head back to campus and continue to excel in the things he loves—that means face-to-face interaction. I also hope we can continue to inspire you to make cards or fun paper crafts to keep in touch with friends and family. It's hard to find things to do and make your time go by in a fun and positive way, I like to make cards sets and give them as gifts. In fact, any kind of craft using happy colored cardstock and rubber stamps makes for a good mood!

Ever since the stay at home order on March 18th, I have had to reinvent myself and my boutique. Kitting all classes. I have become a one woman show. Bringing home work and working inside my store alone. I miss my cousins and my customers and my mom and aunt helping. It's a shame this all came to an end basically overnight. I feel like I'm in the twilight zone and looking to get back to reality. It's a really bad nightmare. I want to thank everyone who has bought a kit... shopped in my boutique... bought puzzles and created fun stuff all to keep my doors open! I feel the love and hope to give it back to you. Thank you again! Let the New Year ring in a positive note for us all and to please find a remedy for this horrible illness. I know this will all one day pass and we will all be together again... hugging and being together. Let's hope for a bright future for everyone — and once again, I am humbled to be open and thankful for your wonderful gift of shopping at the Paper Garden!

A little tid bit about me, it was on Halloween in the 1990's. The best place to go trick or treating in Kansas City, Missouri is along Ward Parkway. It's considered to be one of the wealthiest neighborhoods in the USA, notables like Kansas City Royals George Brett lived there and handed out full sized Babe Ruth Bars and the famous Russell Stover mansion home of the wonderful Stover family gave out boxes of assorted Chocolates! Who wouldn't want to go trick or treating along Ward Parkway! Each year I begged to do that story and of course, I had my own trick or treat "SACK."
